EMBRACING CHANGE: BUILDING THE INFORMATION ECONOMY

KEYNOTE SPEAKERS

The 2006 Canadian Telecom Summit

The Canadian Telecom Summit is Canada's pre-eminent gathering of the telecommunications industry and those with vested interests in its welfare. Attracting the senior-most professionals from around the globe, The Canadian Telecom Summit provides a forum for the broad cross-section of stakeholders to exchange views, share ideas, challenge assumptions and plan for the future.

The 2006 Canadian Telecom Summit reviews where we have been as an industry, provides an understanding of the dynamics that propel it and forecasts future trends & expected developments.

Now in its fifth year, attendance is a must for telecom and IT industry professionals - corporate users, carriers and manufacturers - financial analysts, consultants and investors.

The 2006
Canadian Telecom Summit

acknowledges the support of the following organizations:

For three full days, The Canadian Telecom Summit delivers thought provoking presentations from the prime movers of the industry. The Canadian Telecom Summit gives you the chance to hear from and talk with them in both a structured atmosphere of frank discussion and high-octane idea exchange and schmooze in a more relaxed social setting of genial conversation.
